Great. Thank you.

I also have a report from Dr. Snow, Professor from University of Nebraska that describes the results of the Isotope Analyses. Pat Kuefler would also like this report posted to the website.

I have read the report and so has Chuck Mikalian. It does not PII.

I'll look at it tonight.

Thanks,

Linda

Hello Linda:

I have completed the third inspection report for northeast Juneau County, Wisconsin titled "2017 Northeast Juneau County Groundwater and Surface Water Sampling Investigation", I have redacted the PII information within the report. Charles Mikalian, ORC and Michelle Heger, Acting Branch Chief for Pat Kuefler have both reviewed the report and confirmed that all PII has been redacted.

I am attaching the report for your review and approval to post the report to Region 5 EPA's Northeast Juneau County, Wisconsin website along with the 2018 Northeast Juneau County Sampling Report.

Sincerely,

Cheryl Burdett
